Hi Holly: just closing the loop with you on what Sarah sent to Anita and Ron earlier today. You should all have the same version to review at this point.

Thanks again for your help!

Hi Anita and Ron –

We are getting ready to public notice the draft UIC permits and proposed aquifer exemption for the Dewey Burdock Uranium ISR site with a goal of signature by October 14th. I wanted to share what we have prepared as a draft Communications Strategy for Dewey Burdock for OGWDW's review. We are briefing the RA on Sept 29 prior to signature, and request your comments on or before September 28th so we can incorporate those changes prior to the briefing.

Douglas Minter, UIC Manager here, has also shared this document with Holly.

Anita – I haven't talked to you about this project yet, but Ron does have some history. We briefed him previously on our efforts and gotten OGWDW input on a number of key decisions. I would be happy to address any questions either of you have about this document or about any other aspect of this effort.

Thanks in advance your time and attention!

Sarah
